- 6.3 Variations will be charged for on the basis of the Contractor's quotation, and will be detailed in writing, and shown as variations on the Contractor's invoice. The Client shall be required to respond to any variation submitted by the Contractor within ten (10) working days. Failure to do so will entitle the Contractor to add the cost of the variation to the Price. Payment for all variations must be made in full at the time of their completion.
- 6.4 At the Contractor's sole discretion, a deposit may be required.
- 6.5 Time for payment for the Works being of the essence, the Price will be payable by the Client on the date/s determined by the Contractor, which may be:
- (a) on completion of the Works;

On any default by the Client the Contractor may re-allocate any payments previously received and allocated. In the absence of any payment allocation by the Contractor, payment will be deemed to be allocated in such manner as preserves the maximum value of the Contractor's Purchase Money Security Interest (as defined in the PPSA) in the Materials.
- 6.10 The Client shall not be entitled to set off against, or deduct from the Price, any sums owed or claimed to be owed to the Client by the Contractor nor to withhold payment of any invoice because part of that invoice is in dispute, unless the request for payment by the Contractor is a claim made under the Construction Contracts Act 2002. Nothing in this clause 6.10 prevents the Client from the ability to dispute any invoice.
- 6.11 Unless otherwise stated the Price does not include GST. In addition to the Price, the Client must pay to the Contractor an amount equal to any GST the Contractor must pay for any supply by the Contractor under this or any other agreement for the sale of the Materials. - (a) make a selection; or
 - (b) have the Worksite ready for the Works; or
 - (c) notify the Contractor that the Worksite is ready.

- 8.2 Notwithstanding the provisions of clause 8.1 if the Client specifically requests the Contractor to leave Materials outside the Contractor's premises for collection or to deliver the Materials to an unattended location then such materials shall always be left at sole risk of the Client and it shall be the Client's responsibility to ensure the Materials are insured adequately or at all. In the event that such Materials are lost, damaged or destroyed then replacement of the Materials shall be at the Client's expense.
- 8.3 Any advice, recommendation, information, assistance or service provided by the Contractor in relation to Materials or Works supplied is given in good faith to the Client, or the Client's agent and is based on the Contractor's own knowledge and experience and shall be accepted without liability on the part of the Contractor. - 8.5 The installation of some appliances can cause water hammer or damage to existing pipe work. The Client agrees to indemnify the Contractor against any such loss, damage or claim that may arise if the existing pipe work is unable to accommodate the installation of the Materials.
- 8.6 The Client warrants that any structures to which the Materials are to be affixed are able to withstand the installation thereof and that any plumbing connections (including, but not limited to, pipes, couplings and valves) are of suitable capacity to handle the Materials once installed. If for any reason (including the discovery of asbestos, defective or unsafe plumbing or latent or unfavourable soil conditions such as liquefaction residue or risk) that the Contractor, or the Contractor's employees, reasonably form the opinion that the Client's premises is not safe for the Works to proceed then the Contractor shall be entitled to delay the provision of the Works (in accordance with the provisions of clause 7.2 above) until the Contractor is satisfied that it is safe for the installation to proceed.
- 8.7 The Client acknowledges and accepts that:
- (a) choked drains generally indicate pipelines are not fully efficient (i.e. breakages, cracks, negative fall or tree root entry); the drain line cannot be repaired or rectified just by clearing it on its own. Once cleared, the Contractor cannot give any guarantee against reoccurrence or further damage. In the event that the Client requests the Contractor to use drain/pipe unblocking equipment (including but not limited to, CCTV camera or an electric eel), and the Contractor does not recommend the use of such equipment due to the risk of the equipment becoming lodged or stuck, the Contractor may require the Client or their agent to authorise commencement of the Works in writing. If the drain/pipe unblocking equipment subsequently becomes lodged or stuck, the Client shall be responsible for the cost of repair, replacement and/or retrieval of said equipment;
 - (b) where the Contractor has performed temporary repairs that:

9. Worksite Access and Conditions

- 9.1 The Contractor is not responsible for the removal of rubbish from or clean-up of the building/construction Worksite/s. All rubbish generated by the Contractor will be placed in a designated area appointed by the Client but the responsibility of removal of same is the Client or the Client's agent, unless otherwise agreed.

- 12.6 The Client acknowledges and accepts that in instances where the gas supply is turned off at the meter or bottles by the Contractor in order to carry out the soundness test that parts within a gas appliance may fail due to not being turned off and serviced for a long period of time including, thermocouples, blocked pilot tubes, and SIT valves on pilot assemblies. Any costs associated with such an event shall be borne by the Client.
- 12.7 The Client warrants that any existing plumbing, gasfitting and/or associated services in or upon the Worksite that is subject to the Materials and/or Works are in compliance with regulations.  - (d) the Client must not sell, dispose, or otherwise part with possession of the Materials other than in the ordinary course of business and for market value. If the Client sells, disposes or parts with possession of the Materials then the Client must hold the proceeds of any such act on trust for the Contractor and must pay or deliver the proceeds to the Contractor on demand;

- 14. Personal Property Securities Act 1999 ("PPSA")**
- 14.1 Upon assenting to these terms and conditions in writing the Client acknowledges and agrees that:
- (a) these terms and conditions constitute a security agreement for the purposes of the PPSA; and
 - (b) a security interest is taken in all Materials that have previously been supplied and that will be supplied in the future by the Contractor to the Client and the proceeds from such Materials as listed by the Contractor to the Client in invoices rendered from time to time.
